

PROPOSED RELAUNCH • FOR ARFTG MEMBERS

A new ARFTG.org.

Everything you need — easier to find.

THE SHORT VERSION

What's new, what stays

What's new

A FRESH PLATFORM

A **cleaner, modern look** — consistent on every page

Significantly faster — pages load in under 2 seconds

Conference info that's **always up to date**, automatically

Built for **mobile** from the ground up

What stays the same

NOTHING YOU RELY ON CHANGES

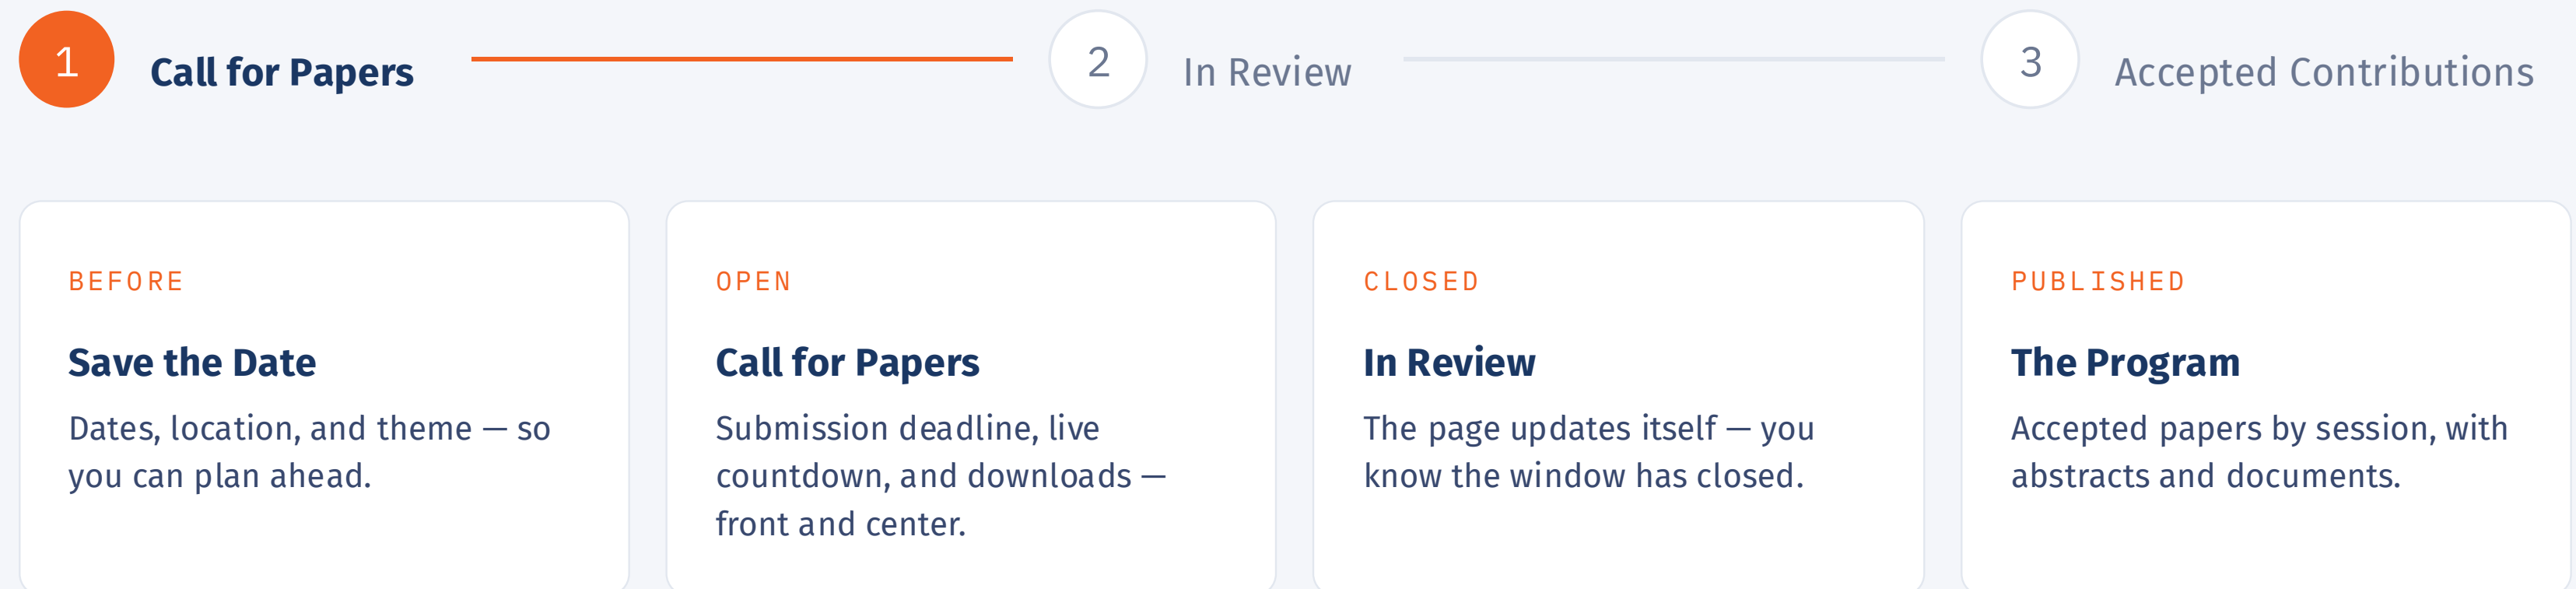

The same **arftg.org** address

All existing **conference records & archive**

Your **login and member access**

Always current — at a glance

A three-step indicator at the top of every conference page shows exactly where things stand right now.

You never land on a page showing outdated information — it always reflects the current moment.

NO HUNTING THROUGH MENUS

Everything for your trip, on one page

All **deadlines on one page**, with a live countdown

The full **program** — sessions, papers, and abstracts

Document downloads right where you expect them

Always up to date — **no separate announcements to check**

SPEED

Significantly faster

Old site

TODAY

~ 5–7 seconds

New site

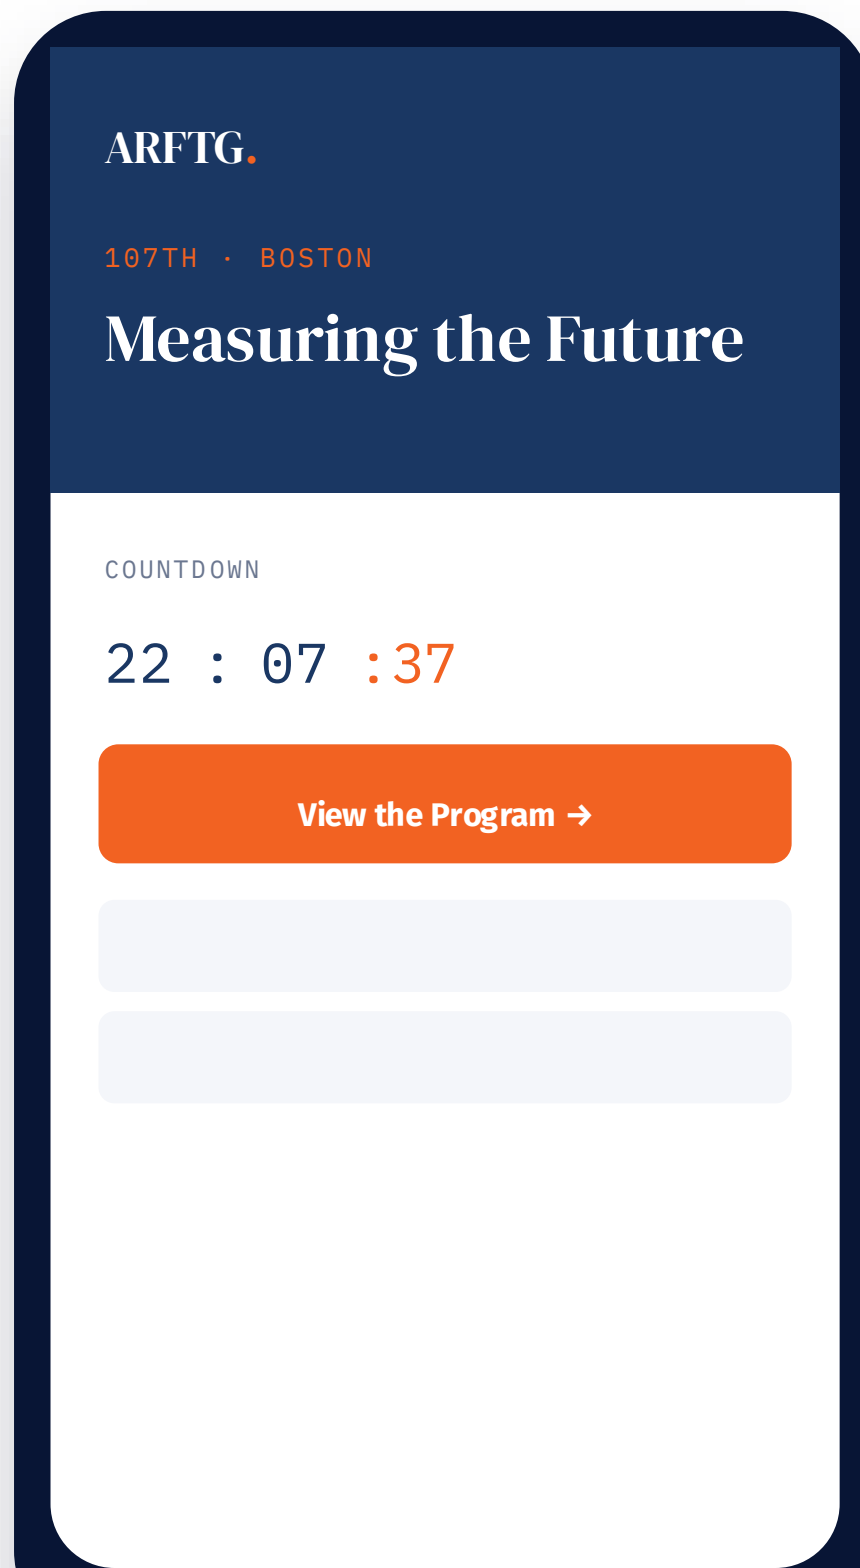

ARFTG.ORG

under 2s

A modern, lightweight platform on a properly configured server — so pages load fast whether you're checking the program or downloading a document, on any device.

BUILT FOR EVERY DEVICE

The same clarity on any screen

The conference page — deadlines, countdown, program, and downloads — reflows cleanly to fit your phone.

Designed mobile-first, not squeezed down from desktop
Tap-friendly buttons and readable text everywhere
Dramatically improved mobile performance

Same address. New platform.

Now concept ready → Coming soon all pages + testing → arftg.org could go live

A proposed relaunch – final timing subject to Executive Committee approval.
